

This table provides information on businesses and other organisations 1\* that have contracts or agreements with the Her Majesty's Prison and Probation Service (HMPPS) that provide work in prison and training academies. It shows the Prisons (or cluster of Prisons) involved, the nature of the product or service being provided and the value of sales transactions for the Financial Year April 2020 to March 2021. Some of these contracts or agreements have become inactive during the year. This data has been extracted from records held centrally by HMPPS and reflects those contracts where notification has been provided to New Futures Network by Prisons. The data has been drawn from administrative IT systems, which, as with any large scale recording system, are subject to possible errors with data entry and processing.
